iv	A water curtain covering segregating the ship manifold and shore manifold should be provided.	Taken up with Karwar Port for providing the water curtain.
v	Leak detection / warning system for each of the products to be handled should be provided at the jetty as well as at other strategic locations. Necessary control measures capable of remote operation to shut down the leakage, if any, should be provided.	Walky-Talky facility provided between Port and Terminal. Valves have been provided at both ends for quick and effective shut down in case of any exigency.
vi	Appropriate safety devices such as masks, should be provided for use of the workers handling the products at the site and their usage by them should be ensured	Masks, Aprons, Helmets, Hand gloves, Safety Goggles, Safety Shoes etc. supplied to those who are handling the products and usage of the same is being strictly monitored.
vii	Project proponent should implement all the recommendations stipulated in the risk assessment report pertaining to the project.	Implemented.
viii	The environmental clearance will be restricted to the storage of only those products which are contained in the Costal Regulation Zone Notification, 1991. No other chemicals /	Only products contained in the CRZ notification, 1991 are stored at this Terminal.

	products such as ethyl alcohol, methyl alcohol should be stored in the Coastal Regulation Zone area.	
ix	Regular monitoring of levels of hydrocarbon in the air environment should be monitored and records maintained. The periodic report (six monthly) to be submitted to the Regional Office of this Ministry at Bangalore should also contain information about the hydrocarbon level so monitored.	Now only Bitumen is handled. Hydrocarbon level monitoring will be done when other petroleum products (volatile) are stored.
x	The project proponent should ensure that the implementations of the recommendations of Risk analysis and disaster management plan are carried out. The action plan of implementation should be provided to the Regional Office of the Ministry of Environment and Forests within 6 months from the date of receipt of this letter.	Complied with.
B	GENERAL CONDITIONS	
i	A separate Environmental Management Cell with suitably qualified staff to carry out various environment related functions should be set up under the charge of a Senior Executive who will report directly to the Chief Executive of the Company.	Separate environment management cell with Terminal Manager Mr. Prasada Gonkar as the head has been formed.
ii	The project will be monitored by this Ministry's Regional Office at Bangalore. Full support should be extended to the officers of this Ministry's Regional Office at Bangalore and the officers of the Central and State Pollution Control Boards by the project proponent during the inspection for monitoring purposes by furnishing full details and action plans including the action taken reports in respects of mitigative measures and other environmental protection activities.	Will be complied with.
iii	In case of deviation or alteration in the project including the implementing agencies, a fresh reference should be made to this Ministry for modification in the clearance conditions or imposition of new ones for ensuring environmental protection. The project proponents shall be responsible for implementing the suggested safeguard measures.	Complied with.
iv	This Ministry reserves the right to revoke this clearance, if any of the conditions stipulated are not complied with to the satisfaction of the Ministry.	Noted and accepted.
v	This Ministry or any other competent authority may stipulate any other additional conditions subsequently, if deemed necessary, for environmental protection, which shall be complied with.	Noted and accepted.
vi	A copy of the clearance letter shall be marked to the concerned Panchayath / local NGO, if any from whom any suggestion representation	Not applicable as no suggestions / representations were received from the Panchayath / local NGO.

	has been received while processing the proposal.	
vii	State Pollution Control Board Committee should display a copy of the clearance letter at the Regional Office, District Industries Center and Collector's Office / Tahsildar's Office for 30 days.	Action by KSPCB
viii	The project proponent should advertise at least in two local news papers widely circulated in the region around the project, one of which shall be in the vernacular language of the locality concerned informing that the project has been accorded environmental clearance and copies of clearance letters are available with the Maharashtra Pollution Control Board and may also be seen at the website of the Ministry of Environment and Forests at http://www.envfor.nic.in . The advertisement should be made within 7 days from the date of issue of the clearance letter and a copy of the same should be forwarded to the Regional Office of this Ministry at Bangalore.	Complied with.
ix	The project proponent should inform the Bangalore Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of land development work.	Not applicable as it is an existing project.
x	Separate clearance should be obtained by individual project proponents for handling and storage of these chemicals.	Separate approvals obtained from all other concerned authorities.
