Dear Ma'am/sir,

Eighty students of Enbridg International Training Campus, along with five faculty members, have visited Tropicana Logistics Private Limited. As a part of Industrial Visit on 16th August 2024 at 11.30 AM to 12:30 PM. The session and presentation on logistics and cold storage processes and operations were taken by Mr. Raju George (General Manager, Tropicana Logistics Private Limited). It was a good opportunity and experience for students and us to visit the cold storage in your company. We must say that we are thoroughly impressed with the most efficient operations of the cold storage and had a unique experience watching the process from afar. They went out of their way to explain various functions and operations and answer our queries regarding the logistics and cold storage processes. On behalf of Enbridg International Training Campus Management and the Student Community, we thank Tropicana Logistics Private Limited. for giving us an opportunity to learn about logistics and cold storage operations.

Sincerely
ANGEL ANDREW
